Dear Users,

We are happy to inform you that, we have introduced latest NOW Launcher Exe version 1.14.4.0.

Please find the below steps to be followed to install the application.

Steps to be followed

1. Go to Control Panel on your machine and then navigate to Add/Remove programs.
2. Click on NOW Launcher application entry and click on Uninstall the application.
3. Post Uninstallation, navigate to
C:\Users\DomainID\AppData\Roaming\Omnesys\NestTraderNow folder.

Cut the **UserSetting.ini** file from this folder and paste it on desktop.

Note: Domain ID is the login id of the computer.

4. Now delete the folder **C:\Users\DomainID\AppData\Roaming\Omnesys\NestTraderNow** folder

5. Now navigate to URL in browser <ftp://121.244.2.20/COMMON/NOW/SETUP> folder.
To access the ftp URL, the below credentials are to be used:

Username: ftpguest

Password: FTPGUEST

A file with name **NOW-V.1.14.4.0_Now_Launcher.zip** will be available.

6. Download the file **NOW-V.1.14.4.0_Now_Launcher.zip** and install the application in C:\Program Files. Kindly ensure that this folder path is not mentioned while installation as **C:\Program Files (x86)**.
7. Attempt login with your user credentials using the latest NOW Exe (**NowLauncher.exe**) which is present in **C:\Program Files\NOW Launcher** folder.
8. Post installation, navigate to
C:\Users\DomainID\AppData\Roaming\Omnesys\NestTraderNow folder.
Replace the **UserSetting.ini** file copied from your desktop to this folder

Should you require any further clarification/information, kindly feel free to contact our Help desk number on **1800 266 0052** (Toll free).
